

**Turning Waste into Clean Transport Fuel
HKIEIA Visit – ASB Biodiesel Plant at Tseung Kwan O
18 July 2015 (Saturday)**

Biodiesel is a clean, low-carbon transport fuel that can be used as a substitute for fossil diesel, or blended with fossil diesel in diesel engines without modification.

As a collector of used cooking oil, ASB Biodiesel collect the used cooking oil from the restaurant industry in Hong Kong and convert it into biodiesel locally. They are currently providing regular collection service to 8,000 outlets in Hong Kong.

It is our honour to have the permission from ASB Biodiesel to visit their biodiesel factory and allow HKIEIA members to understand the technology in converting used cooking oil into a low-carbon transport fuel which help offsetting greenhouse gas emissions emitted by Hong Kong's transport sector.

Details of the visit are as follows:

Date: 18 July 2015 (Saturday)

Time: 09:00a.m. - 12:00p.m.

Venue: ASB- Biodiesel, Tseung Kwan O Industrial Estate

Coach Pick up: 8:30a.m. at Kolwoon Tong (in front of the Hong Kong Productivity Council)

HKIEIA members can join this event free of charge. Non-members are required to pay HK\$100 per head to be collected on the day of the visit.

Please register your interest with Ms. Clara U by completing the reply slip attached and e-mail back to hkieia.hk@gmail.com on or before 11 July 2015. Registration is acceptable on first-come-first-served basis. The number of participants is limited to 20.

For Members of HKIEIA, participation in this event will be entitled 2.5 hours towards the Institute’s AMP Accreditation Scheme.
